came on yesterday ripe with information as to the Governor's desires, which he imparted to Chairman Edward Murphy. jr., of the State Committee. These two leaders, with W. Bourke Cockran, whose services were wanted to manufacture a particularly nest article in the platform for to-morrow's meeting, break-

the Republican and Tammany Hall Conventions.

It is expected that the People's Municipal League will have its ticket in the field, and it the County Convention will be probably no more than it was last Fall, a mass-meeting for the indorsement of those candidates.

Counsellor William M. Ivins is on the occan homeward bound, and is due to arrive the latter part of the present week.

Before leaving Liverpool he sent his respects aboard to Tammany Hall in an interview with The World Prepresentative, in which he declared that the Passett investigating Committee is going to resume operations immediately on its return, and will uncover an almost incalculable mass of corruption in the Tammany administration of municipal affair.

Mr. Ivins says that the accountants have been husy during the Committee's vacation and have collected a great deal of interesting material for the anti-oction campaign session.

The Excise Board, Public Works, Charities and Correction, Police, Fire and fax Denortments, he says, will also be investigated.
